

Liquid level and temperature sensor type CPc*T* - ET

CPc	Sensor
*	Number of connectors
*	Operating temperature
ET	Company designation ELTECH

The liquid level and temperature sensor type CPc * T * - ET is intended for measuring the level of conductive and non-conductive liquids, eg oil in closed and open tanks, in devices where liquid level and temperature measurement is required. The temperature measurement is carried out with a two-state contact thermal switch or temperature sensor with I²C or RS485 transmission. The level sensor probe can be additionally enclosed by a float cover.

Certificate TEST 18 ATEX 0007X
